

INSTRUCTIONAL SERVICES – COMPARABILITY

The Cherokee County Board of Education will, in accordance with all Federal and State laws, rules and pertinent regulations, demonstrate compliance with comparability requirements by comparing the average number of students per instructional staff in each Title I served school with average number of students per instructional staff in schools not participating in Title I programs (or higher-ranked school with the average number of students per instructional staff in lower-ranked schools if all schools in the system are Title I schools). A Title I served school is comparable if its pupil-staff ratio does not exceed 110 percent of the average of schools not participating in Title I programs (or 110 percent of the average for lower ranked schools in each grade-span group if all schools in system are Title I schools).

ADOPTED: August 2, 2001

REVISED: September 1, 2016

Cherokee County Board of Education
